09:15:22 From Amy Danzer : Will the powerpoints themselves be available on the website rather than going through the recording please?
09:15:29 From Norm Downey : Where will this be posted? PACTA?
09:15:41 From Norma OBrien : Mifflin County Academy of Science & Technology
09:15:54 From Mary Rodman : Posted at the PACTA website
09:15:56 From Cynthia Gross : yes. the first screen when we started said on PACTA
09:16:09 From Norm Downey : Thanks Boss.
09:17:07 From Scott Rogers : Are the slides going to be available for download?
09:17:48 From Mary Rodman : All slides from today will be posted at the Featured Resources at the PACTA website at www.pacareertech.org
09:18:30 From Mary Rodman : The slides will be posted by the presenter's name.
09:26:08 From Michael Worthington to Mary Rodman(Privately) : My question is in regards to Keystone data. My understanding is the data is two years behind and it is the junior cohort from that year. As a part time CTC how am I supposed to positively influence the results of that cohort once I have that data because those student are already past the testing window?

09:27:01   From Eric Westendorf : Will we have three-years of 5S1 data upon implementation?

09:27:45   From Chris Moritzen : How 5S4 be affected by no NOCTI this year?

09:31:28   From Chris Moritzen : How are we to control a post secondary certification being earned once a student graduates they are not enrolled in a CTE or post secondary program?

09:31:36   From Bob Lacivita to Mary Rodman(Privately) : Hi Mary. With this year's graduates inability to earn SOAR credits this year, will 3S1 be modified?

09:31:38   From Eric Heasley : There is no academic or cte test data this year what is going to happen for overall reporting including follow up data that is not going to be the same as in past years?

09:32:36   From Karen Lipnichan : I missed the first couple minutes audio. So are we not going to be allowed to award SOAR credits this year?

09:32:41   From Mark Holtzman : Jane Coughenour, McKeesport CTC

09:33:11   From Susan Bogert : Does the 10 hour OSHA cert qualify as a post-secondary credential?

09:33:19   From Kevin Sprong and Mike Costa - Crawford County Career and Technical Center

09:34:22   From Margaret Kalogerakis : Our seniors took a pre-test in the fall - could that count for a certificate

09:35:24   From Ashley Hassenbein : Ashley Cease Hassenbein -- Johnson College

09:38:19   From Nicholas Gasis : Any thought to allowing all seniors to be SOAR eligible?

09:38:47   From Frank Flamini : Frank Flamini, Dauphin County Technical School

09:38:54   From Shannon Brennan : I have parents upset that there isn't an alternative plan for seniors to get NOCTI Certificates and SOARS Credits. It would be great if the department can revisit this decision.

09:39:01   From Bob Kingston : Bob Kingston - School District of Philadelphia

09:39:03   From Scott Aquila to Mary Rodman(Privately) : Scott Aquila - Lehigh Carbon Community College

09:39:07   From Michelle Armstrong : Michelle Armstrong- School District of Philadelphia

09:39:08   From Mike Stauffer : Michael Stauffer, Berks Career and Technology Center

09:39:09   From Nancy Feather : Nancy Feather - Pittsburgh Technical College

09:39:10   From Steven Keen : Steven Keen - Jersey Shore Area School District

09:39:10   From Karen Kozachyn : Karen Kozachyn, Delaware County Community College

09:39:11   From Bermudian Springs District : Jon Fox- Bermudian Springs SD

09:39:22   From Curtis Johnson : Curtis Johnson

09:39:50   From Jean Kelleher : Jean Kelleher

09:39:53   From Kelly White : Monique offered numerous updates at the beginning of the meeting. Will these updates be published in writing?

09:40:10   From Justin Bruhn : Justin Bruhn

09:40:20   From H. Fred Walker : H. Fred Walker — Erie County Technical School

09:40:41   From Mary Rodman : Monique will not be writing her updates to my knowledge. I think that's the purpose of having this meeting and recording it.

09:50:49   From MICHELLE MCGLOIN : Just to clarify - did I hear Monique/Beth say that statewide Articulation Agreements do NOT need to be CIP to CIP? Or did I misunderstand?

09:51:26   From Lisa DeLorenzo : For the post-secondary health programs, we are just saying there is alignment and there are no credits required?

09:51:27   From Jane Fraschilla : Can alignment be used for Veterinary (animal nurse) too?

09:52:13   From Mary Rodman : She said the PS to Secondary does not have to be the same cip..

09:52:35   From Karen Lipnichan : Will we receive more details as to how the Alignment Agreements work and what programs they apply to?

09:54:22   From Mary Rodman : You should email any specific questions to me to be answered in the FAQ. maryerodman@gmail.com

09:54:45   From Lisa DeLorenzo : In post secondary - we typically have multiple faculty teaching in the programs, including tenured and adjunct faculty. Who's information do we have to enter?

09:55:03   From Cindy Shaw : Justin Cerullo and Cindy Shaw FCCTI
09:55:37   From Lisa McNamara : What is Beth's email address?
09:56:05   From Neil Henehan : Neil Henehan Mon Valley CTC
09:56:49   From Cynthia Hughes : Cynthia Hughes Parkway West CTC
09:57:52   From Mary Rodman : betmarshal@pa.gov
09:58:38   From Kevin Rice : Kevin Rice, Steel Center for CTE
09:58:43   From Jane Fraschilla : Has the secondary CATs submission deadline for new program approval changed?
10:00:07   From Susan Rapp : When do you anticipate this being ready for data entry?
10:00:31   From Rhonda Hudak : Is there a deadline for post secondary?
10:00:51   From Bob Lacivita : Will the process be the same for secondary? Do we add all teacher credentials if there is more than one teacher teaching the program/CIP?
10:02:54   From Jane Fraschilla : Will alignment be used to Veterinary - Animal health too?
10:03:00   From Norm Downey : Can we just use the minimum hiring criteria for faculty?
10:06:20   From Scott Aquila : Scott Aquila - Lehigh Carbon Community College
10:07:10   From Neil Donovan : Neil Donovan, CTDSL
10:07:19   From Jean Kelleher : yes
10:17:04   From Nick Aquilino : Nick Aquilino - Orleans Technical College
10:19:58   From Valjean Wright : For the articulations, what is your definition of "alignment?"
10:23:05   From Rachel Hetzel to Mary Rodman(Privately) : Rachel Hetzel (Western Center)
10:23:23   From Karen Lipnichan : LOL Eric Westendorf :-)
10:23:27   From Thomas Allen : Tom Allen, CTDSL
10:25:08   From Meghan Oakley-Henning : Do you want multiple responses for one grantee? I responded, but I realized that others from my district may have as well.
10:29:45   From Jean Kelleher : yes
10:32:08   From Rhonda Hudak : Is there a concern that we may not be able to meet with all of our stakeholders, especially from industry, because of layoffs and furloughs?
10:32:45   From karen zapp to Mary Rodman(Privately) : Mary, it was my understanding that we did not have to have a second meeting?
10:33:01   From Mary Rodman : You might want to send an email invitation to your original stakeholders to ensure they are still working.
10:33:24   From Suzanne Kuban : can we meet as a consortium group like we did for CNLA but break off so that all representatives are still available?
10:34:04   From Mary Rodman : A second meeting is not REQUIRED, but you must have stakeholders set the priorities and establish the use of the Perkins funds. If you were able to do this in the first meeting, then you are NOT REQUIRED, but after seeing the eGrants, I think you are going to have to do this. Monique will be sharing where I see that a second meeting may be required.
10:35:18   From Valdijah Ambrose Brown to Mary Rodman(Privately) : If we are experiencing a freeze of expenditures by campus administration, how should we handle expending the balance of our current grant? Can we request an extension or is a modification going to happen?
10:35:52   From Andrew Rantz : Will requirements on who needs to attend a second Stakeholder's meeting be relaxed?
10:36:11   From Barry Fillman : When will he have some sense of our allotment?
10:36:49   From Russell Gaffney : Russell Gaffney, Bethlehem Vo-Tech.
10:37:08   From Eric Westendorf : They said earlier to assume level funding, but have a plan for both an increase and a decrease.
10:37:20   From Mary Rodman : Correct, Eric.
10:38:46   From Margaret Kalogerakis : is that for secondary also
10:38:52   From Bob Lacivita : If you allot Perkins funding toward salaries, and that individual works with all programs, will we need to include all CIPs?
10:39:03   From Margaret Kalogerakis : to teach target in one year

10:39:56   From Mary Rodman : Yes, Meeting the annual target is for secondary and post-secondary.

10:44:49   From Aaron Kline : Did I just hear correct, that objectives falling below baseline, Perkins money must be spent on those? This seems outside of the scope of the CNLA when we discussed our needs.

10:48:02   From Mary Rodman : Yes, that is what she just said.   You must use "some" Perkins funds for that objective.

10:48:17   From Mary Rodman : if that objective falls below the baseline.

10:48:51   From Cynthia Gross : that's not a new requirement. that's always been the case.

10:48:59   From Eric Westendorf : What if our Director is retiring June 30 and a new hire isn't in place before June 15 submission?

10:49:43   From Mary Rodman : Eric--are you asking about the electronic signature?

10:49:47   From Cynthia Gross : you will have to submit the official letter saying who the new esigner is....contact Monique

10:50:09   From Eric Westendorf : more so for the risk assessment.

10:50:20   From Cynthia Gross : remember June 15 will not require an e-sig

10:52:09   From Bob Lacivita : Is this only for new programs?

10:53:02   From Meghan Oakley-Henning : Can you send out a list of questions that we are to respond to in eGrants, so we can organize our information before the local plan is available in eGrants?

10:54:19   From Curtis Funkhouser : Are all character limits the same?

10:55:24   From Barbara Zaborowski : Perhaps they can export a blank PDF of the entire application and send it...I would like to see the entire new format...especially for post-secondary.

10:55:51   From Linda Mesics : Can we have a template of the application?

10:57:04   From Susan Rapp : If the post-secondary CATS data entry screens are not available until the end of May, what is the expectation that we will be able to upload a list of approved programs into eGrants?

10:58:09   From Lisa DeLorenzo : Post-secondary does not have to upload a list of approved programs this year

10:59:37   From Valdijah Ambrose Brown : We have a new interim president. How is it suggested that we process a new e-signature resolution?

11:00:26   From Cynthia Gross : new e-sig resolution--- contact Monique for the proper form

11:03:57   From Valdijah Ambrose Brown to Mary Rodman(Privately) : The question regarding freeze of current expenditures was not asked. Are we able to request an extension or will there be a modification for 2020-2021?

11:07:31   From Aaron Kline to Mary Rodman(Privately) : Are we going to get a little more clarity/guidance on this second Perkins meeting?... attendance requirements in light of everything happening with the Coronavirus. Thanks

11:08:40   From Liz Marshall : If you increase the percentage of a position that was partially funded by a different grant, is that allowable or is that still supplanting. Supplanting is replacing local funds, correct?

11:12:39   From Linda Mesics : Can there be a way to insert a line if budget changes are made before completion of the Budget and Action Plan?

11:14:13   From Debi Williams : Please provide PDE's definition of program alignment.

11:14:48   From Susan Bogert : in scheduling our 2nd meeting, is middle of May reasonable? Will we have new indicators by then?

11:18:04   From Laura DelVecchio : Just for clarification so positions paid with Perkins Funds must do a log?

11:18:09   From Josh Anderson : If we had a position that was previously approved by the BCTE last year that we will retain do we still need to submit the job description?

11:21:49   From Linda Mesics : Will there be an extension of the ending date for this year's grant or for the submission of the 2020-21 application?

11:23:37   From Susan Rapp : Is eGrants open to make budget modifications before April 15? I checked yesterday and I still could not go into the system. Thanks.

11:23:39   From Colleen Stepanovich : Will we have an extension for electronic audit (vs on-site audit)?

11:24:10   From Eric Westendorf : Can we do an electronic meeting through Survey Monkey for feedback and approval or does it have to be in a Zoom format?

11:24:25   From Rhonda Hudak : That goes back to my earlier question - especially with industry - what if we cannot get stakeholders from all areas due to COVID-19?

11:26:09   From Bruce Jaynes : If you didn't hear anything about your supplemental equipment grant application, does this mean it was not approved?

11:26:11   From Karen Pflugh : Susan, we completed revisions this morning. We not had any problem getting into e-grants yesterday or today. You may want to ask for tech support.

11:26:35   From Liz Marshall : I would think we can use whatever our college is using to hold meeting or whatever is easiest for the stakeholders. I'm thinking Teams

11:27:04   From Cheryl Yandrick : Can you offer any suggestions for postsecondary regarding our student surveys. We struggle with the number of letters/surveys to distribute. Secondary may have 20 or less, while postsecondary can have upwards of 1,000. Our students may just leave the institution without notification. Personal emails are not always collected. Mailing addresses change. The percentage of return is very low. We spend Perkins funds for printing and mailing (which we can not do remotely) - aside from the three waves, we redo and resend all those returned for incorrect addresses. We're trying to obtain information that DLI has better access to than we can attain. Could this process possibly be modified moving forward? The lack of returns affect our Performance Indicators. Thank you.

11:27:15   From Susan Rapp : Karen, I asked to make a second revision to a previously submitted budget revision.

11:28:21   From Adele Rossiter : Is this what determines the percentage

11:28:25   From Cindy Shaw : Is federal funding to a different federal funding source considered supplanting? Previous training indicated that it was not.

11:28:55   From Valdijah Ambrose Brown : How does the forced business and industry closures impact our stakeholder constituency?

11:29:20   From Margaret Freedman : Does 19-20 Perkins funded equipment have to be delivered by 6/30/20 in order to be paid through the grant?

11:29:53   From Cynthia Gross : no

11:31:31   From Lisa DeLorenzo : what is the latest delivery date then if 6/30/20 is not the final delivery date? August 30

11:31:34   From Erik Damgaard : If we conducted our original CLNA Stakeholders meeting individually, my we switch to a consortium meeting delivery once allocations presented?

11:33:45   From Curtis Funkhouser : Will there be 1 or 2 supplemental payments this year? One

11:33:54   From Linda Mesics : Is June 15 still the deadline to have a July 1 start date? Yes

11:34:08   From Michael Worthington to Mary Rodman(Privately) : Will there be multiple supplemental equipment grant payments? No

11:34:36   From Mark Bollman : How do we get a copy of the Log Form that Monique mentioned?

11:34:37   From Adele Rossiter : Where can I get the slides used for Cynthia's portion?

11:34:41   From Susan Bogert : I assume we must hold our spring OACs now via virtual means ?

11:36:22   From MICHELLE MCGLOIN : Did I hear in an earlier section (CATS) that a Statewide Agreement does not require a CIP to CIP alignment? Or did I misunderstand?

11:36:51   From Ashley Hassenbein : if our semester budget meeting and the needs assessment groups overlap -- can we combine agendas and have one meeting y

11:37:03   From Karen Lipnichan : Am I correct that there will be no award of SOAR credits this year

11:38:47   From Mary Rodman : Yes, Karen. At this time, no SOAR credits this year.

11:38:52   From Lisa McNamara : The Zoom meetings were very helpful for the teachers

11:39:20   From Andrew Rantz : So a student who just completed a 3 year program will not be awarded their SOAR credits?

11:39:20   From Mary Rodman : Yes, Susan. OACs may be virtual.

11:39:29   From Lisa DeLorenzo : Feel free to contact me if you are interested. My email address is ladelore@hacc.edu

11:40:37   From Mary Rodman : PDE will provide more guidance on the CIP to CIP alignment. It will be sent out to all.

11:40:39   From Lisa DeLorenzo : Any word on our state plan approval? Yes, it was approved.
