Dear Educator:

Your students are invited to showcase their knowledge and skills to an audience of Pennsylvania legislators during **Career and Technical Education (CTE) Day, which will take place on Wednesday, April 22, 2026, from 9 a.m. – 1 p.m.** in the East Wing of the Pennsylvania Capitol Building.

The mission of CTE Day is to provide students the opportunity to engage with members of the General Assembly through exhibits that highlight the skills they are learning and the importance of career and technical education – both for them individually and for the Commonwealth as a whole. Photos, posters, display items, videos, student demonstrations, and activities that engage the legislators are all good options.

Students are encouraged to contact their state representative and senator to arrange a time for the legislators to view and discuss the exhibit. If your students need assistance in identifying their legislators, please direct them to the search option at: <https://www.palegis.us/find-my-legislator>.

**Registration:**

- Note that we have space constraints this year due to renovations taking place in the East Wing. If you are planning an **oversized exhibit**, you must indicate that on the registration page to make sure we have the space for you.
- One **8-foot table and chairs** for you and your students can be requested when registering.
- You or another staff member are required to **facilitate** your school's registration and attend the event with the students.
- **Student selection** for participating in CTE Day is exclusively up to you and your school.
- Visit <https://senatorculver.com/tsed-reg/> to register your school and students **by Wednesday, April 1 and for a list of helpful tips for your visit to the Capitol and a flyer you can share with your students.**

Please direct any questions to Chris Yniguez from Caucus Services at [cyniguez@pasen.gov](mailto:cyniguez@pasen.gov) or via phone 717-772-0500.

I hope to see you and your students in Harrisburg on April 22<sup>nd</sup> for this unique opportunity to highlight career and technical education and to showcase your school and its programs.

Sincerely,

A handwritten signature in black ink that reads "Lynda Schlegel Culver".

Lynda Schlegel Culver  
Senator, 27<sup>th</sup> District  
Chair, Senate Education Committee
